

# 2018 Current Fiscal Year Report: National Center for Complementary and Integrative Health Special Emphasis Panel

Report Run Date: 06/05/2019 11:14:53 AM

## 1. Department or Agency

Department of Health and Human Services

## 2. Fiscal Year

2018

## 3. Committee or Subcommittee

National Center for Complementary and Integrative Health  
Special Emphasis Panel

## 3b. GSA

## Committee No.

5280

## 4. Is this New During Fiscal Year?

No

## 5. Current Charter

06/02/1999

## 6. Expected Renewal Date

## 7. Expected Term Date

## 8a. Was Terminated During Fiscal Year?

No

## 8b. Specific Termination Authority

## 8c. Actual Term Date

## 9. Agency Recommendation for Next Fiscal Year

Continue

## 10a. Legislation Req to Terminate?

Not Applicable

## 10b. Legislation Pending?

Not Applicable

## 11. Establishment Authority Authorized by Law

## 12. Specific Establishment Authority

42 USC 282 (b)(16)

## 13. Effective Date

11/20/1985

## 14. Committee Type

Continuing

## 14c. Presidential?

No

## 15. Description of Committee Special Emphasis Panel

## 16a. Total Number of Reports

No Reports for this  
Fiscal Year

## 17a. Open 0 17b. Closed 16 17c. Partially Closed 0 Other Activities 0 17d. Total 16

## Meetings and Dates

<b>18d. Total</b>	\$881,785.00	\$942,537.00
<b>19. Federal Staff Support Years (FTE)</b>	5.70	6.50

**20a. How does the Committee accomplish its purpose?**

This committee is composed of recognized biomedical and/or behavioral research authorities who represent the forefront of research and technical knowledge and who provide first-level merit review of highly scientific and technical research grant applications in mind-body medicine, disease prevention and health promotion, biologically based therapies, manipulative and body-based systems. Operation of this committee is accomplished using a fluid membership, with members designated to serve for individual meetings rather than formally appointed for fixed terms of service. During the reporting period the committee reviewed 307 applications with an estimated requested amount of \$107,800,480.

**20b. How does the Committee balance its membership?**

This committee has a fluid membership, with members designated to serve for individual meetings rather than formally appointed for fixed terms of service. The reviewers for each meeting are selected to evaluate grant applications for a specific, perhaps narrow, expertise area. Participants for each meeting are assembled to most efficiently and effectively cover the number and breadth of applications or contracts requiring review.

**20c. How frequent and relevant are the Committee Meetings?**

The NCCIH Special Emphasis Panel held 16 FACA meetings during the FY2018 on the following dates: 10/31/17, 11/8/17, 11/9/17, 12/1/17, 12/5/17, 12/6/17, 3/15/18, 3/22/18, 3/23/18, 4/5/18, 4/10/18, 7/12-13/18, 7/19/18, 7/25/18, 8/1/18, and 8/2/18. The flexibility in review allowed by this committee structure has proved both efficient and effective.

**20d. Why can't the advice or information this committee provides be obtained**

## elsewhere?

This committee is composed of recognized authorities in areas of complementary and integrative health relevant to mind-body medicine, disease prevention and health promotion, biologically based therapies, manipulative and body-based systems, and conventional research methodology who represent the forefront of research and technical knowledge and who provide first-level merit review of highly scientific and technical research grant applications and contract proposals. These evaluations and recommendations cannot be obtained from other sources because the specialized, complex nature of the applications and proposals requires a unique balance and breadth of expertise not available on the NIH staff or from other established sources.

## 20e. Why is it necessary to close and/or partially closed committee meetings?

The meetings of the NCCIH Special Emphasis Panel were closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

## 21. Remarks

This committee did not produce any reports during the reporting period. This committee does not have a dedicated website. The DFO and the Committee Decision Maker positions are held by the same individual based on assignment of responsibilities in this small Center within NIH. Zip Codes: Due to the large number of members associated with this committee, NIH staff are unable to provide individual zip codes for all members. Current individual meeting rosters, including zip codes are available on line at <https://public.era.nih.gov/pubroster/>

### **Narrative Description**

The goal of NIH research is to acquire new knowledge to help prevent, detect, diagnose, and treat disease and disability, from the rarest genetic disorder to the common cold. The

NIH mission is to uncover new knowledge that will lead to better health for everyone. NIH works toward that mission by supporting the research of non-Federal scientists in universities, medical schools, hospitals, and research institutions throughout the country and abroad. Section 492 of the PHS Act states that The Secretary ...shall by regulation require appropriate technical and scientific peer review of applications.

**Cost Savings Comments**

Unable to Determine. NIH supported basic and clinical research accomplishments often take many years to unfold into new diagnostic tests and new ways to treat and prevent diseases.

**What is the approximate Number of recommendations produced by this committee**

**for the life of the committee?**

5,888

**Number of Recommendations Comments**

Grant review

**What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?**

0%

**% of Recommendations Fully Implemented Comments**

NIH Peer Review Committees are involved in the initial review of research grant applications. The NIH dual peer review system is mandated by statute in accordance with section 492 of the Public Health Service Act. The charge to this committee is to determine scientific and technical merit of the individual grants or contracts. These recommendations are forwarded to Federal officials who generally accept the committee's recommendations and favorable applications are then forwarded for the second level of review performed by Institute and Center (IC) National Advisory Councils or Boards. Only applications that are favorably recommended by both the initial peer review committee and the Advisory Council may be recommended for funding.

**What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?**

0%

**% of Recommendations Partially Implemented Comments**

NIH Peer Review Committees are involved in the initial review of research grant applications. The NIH dual peer review system is mandated by statute in accordance with section 492 of the Public Health Service Act. ## Action Comments

An action of “approved” or “recommended” for grants receiving initial peer review by this committee does not infer that the grant will be or has been funded. Research grant applications submitted to NIH must go through a two-step review process that includes the initial peer review for scientific and technical merit and a second step of review and approval by a National Advisory Council for program relevance. In addition, prior to an award or funding being made, NIH staff must conduct an administrative review for a number of other considerations. These include alignment with NIH’s funding principles, review of the project budget, assessment of the applicant’s management systems, determination of applicant eligibility, and compliance with public policy requirements. After all these steps have been completed, NIH officials make funding decisions on individual grant applications.

### Is the Committee engaged in the review of applications for grants?

Yes

What is the estimated <b>Number</b> of grants reviewed for approval	307
What is the estimated <b>Number</b> of grants recommended for approval	307
What is the estimated <b>Dollar Value</b> of grants recommended for approval	\$107,800,480

## Grant Review Comments

During the reporting period the committee reviewed 307 applications with an estimated requested amount of \$107,800,480.00.
